I have been tracking my car through [the Dodge Challenger Registry](#) . Its been sitting at a strange status of "Special Authority to Move" since May 12. The delivery date keeps changing. It keeps jumping between May 12 and May 19. Well its the 16th today so it will probably keep moving later and later from now on. I wonder if I am ever going to see this car.

Update: The Dealer told me the car was in town but I had my doubts. Sure enough, on Friday the 16th VinWIN showed that it had just been put on the train in Toronto. I have been tracking its progress all week. Its now in New Westminster. I wonder how long it will take to get it on a truck for delivery...
